Of Special Interest This Week

+ FBIS bureaus in the Middle East reopened early on 15 April to cover media reports on and reaction to the U.S. retaliatory raid on Libya. The main satellite dish in London was swung and dedicated to full-time coverage of Libyan television reports on breaking developments. At the request of the White House, FBIS bureaus worldwide were tasked with filing media reaction to the attack. These reports were rounded up and passed by telephone to the Crisis Management Center and run on the FBIS Wire to area consumers.
